

# GEO-EXPLORE STORE

GEO-EXPLORE STORE (PTY) LTD

SUPPLIERS OF GEOLOGICAL & EXPLORATION EQUIPMENT

# *Introduction*

*“Geo-Explore Store (Pty) Ltd was established in 2009 to meet a demand in the market, for a service oriented exploration and geological product specialist.*

*Our staff has 5 years in the exploration business and 14 years in the exploration supply market, we are perfectly equipped to provide the full range of services, products, logistics, advice, back-up and price for all needs relating to geology, exploration, mining, sampling, survey and drafting.*

*We endeavor to offer service excellence with the flexibility and dynamics to ensure we are there to support the spectrum of needs presented by the market.*

*“When you are stuck in the middle of nowhere, we are right beside you!!”*

## *Contact Details*

**8 Kelly Road, Cnr. Rudo Nell  
Jetpark, Boksburg, 1469**

**P.O Box 1217  
Isando

## COMPASSES

### Silva Ranger

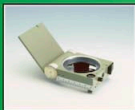

Silva Ranger model 15 / 25 has been the affordable workhorse geological compass for a number of years, with level bubble, measures dip and strike and is suitable for sighting.

Code: SR15MSB

### Breitcocla

Breitthaupt top of the line geological compass, glass base, superior damping, with leather case. A must for structural or engineering geologists. German engineering assures long lasting quality and performance.

Code: BREITCOCLA

### Breitgekomp

Breitthaupt geological compass, allows for dip direction measurement, inclination and declination adjustable on site, with case. A perfect mid range quality compass.

Code: BREITGEKOM

### Brunton BR5006

Brunton transit geological compass, metal body, with leather case. Measures dip and strike and ideal for sighting.

Code: BR5006

### Brunton BR5008

Brunton Transit geological compass, composite polyfibre body, with leather case. Measures dip and strike and ideal for sighting.

Code: BR5008

### Brunton BR5010

Top of the line in Brunton geological compasses. Offers the basic Brunton format with the addition of a dip gauge on the lid hinge for dip direction measurements. With leather belt case. Also ideal for sighting.

Code: BR5010

### Silva Survey Master

Silva combo of the sight master and clinometer in one.

Code: SSURL

## COMPASSES

### Silva Clinomaster

Silva clinomaster for angle, height or percent measurements, available in prismatic or lensatic sighting.

Code: SCML&SCMP

### Silva Sight Master

Silva sighting compasses, fluid capsule for fast damping, available in prismatic or lensatic sighting.

Code: SCML&SCMP

*"Other compasses available on request. Leather compass cases also available."*

## REPAIRS

*Repairs, service and calibration of compasses undertaken.*

## MARKING & LABELLING

### Paint Markers

Imported paint markers by Edding, UV and water proof so these are permanent. Available in a range of colours, boxes of 10

Code: EDMPT50

### Manila Tags

Buff manilla tags in a range of sizes, reinforced hole, great for sample bag tagging. In boxes of 1000.

Code: TAGSNO

### Plastag

Plastic sample tags, with hole, 65x75mm or 65x115mm, range of colours, per box 1000. Also in steel.

Code: PLASTA1&PLASTA2

### Sample Ticket Book

Standard wet strength paper sample tickets, pre numbered, one stub and 2 tear offs, in packs of 1000 tickets (10 books of 100). Custom tickets on request.

Code: SAMTAGT

### Aluminium Tags

Aluminium tags, easily engraved, with hole, in boxes of 1000 with ties, 8x2.5cm.

Code: ALUTAG1

### China Markers

Imported China peel off markers, ideal for core or rock marking or photo labelling. Resistant to crumble and melt when used on hot or rough surfaces. Boxes of 12, range of colours.

Code: CMCRED

# DRAFTING

## Pocket Stereoscope

These simple fold up pocket stereoscopes are ideal for photo stereo work in the field, available in 2x or 4x magnification.

Code: STERIO2X  
Code: STERIO4X

## MS16 Stereoscope

Professional fold up mirror stereoscope, ideal for field or office use.

Code: STERIOMS16

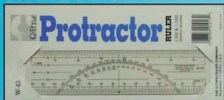

## MS-27 Mirror Stereo Scope

Professional table top mirror stereoscope for office photo work, with paralax bar, in case.

Code: STERIOMS27

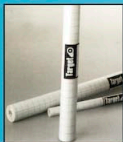

## Rule Protractor

Imported 15cm ruler with protractor, handy pocket tool. For drafting or core work.

Code: RULEP

## Paper

Drafting, trace, graph, film, plotter paper on rolls.

Code: PAPERDRAFT

## Parallel rule

Brass parallel rules, range of lengths available.

Code: PARAL300  
Code: PARAL450

# DRAFTING

## Map Hangers

Aluminium map hangers for data files.

Code: CABALUARM

## Data file

Open or closed map cabinets, on wheels, aluminium clip style hangers (not included, see map hangers)

Code: DATA&DATAEXEC

## Repro File

Open finger style map hanger on wheels. Uses punched map tape (not included)

Code: REPROFILE

## Map Cabinet

Office A0 map cabinet, finger style, top opening with step. Uses punched map tape (Not Included).  
Also light tables and map tables.

Code: MAPCABA0

## Map Hanging Tape

Map hanging tape, plastic, punched, in 40m rolls, cut to size as required.

Code: HANGTAP

## Map Tubes

Plastic extendable map tubes, ideal for transport or storage of maps, plans or presentations. 75 or 50mm diameter with shoulder straps.

Code: MAPCYC50&MAPCYC75

## Triangular Scales

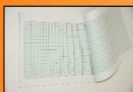

Imported triangular scale, 1:500/1000/1250/1500/2000/2500

Code: TRISCO1A

## Graph Pads

Graph paper in pads, A4 or A3.

Code: GRAPH3&GRAPH4

## DRAFTING

### ClipboardA4

Clip boards available in wood or aluminium, A4 or A3.  
Also available with cover.

Code: ENQUIRE

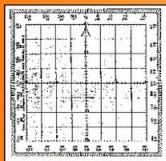

### Blundel harling rule

High quality Blundel Harling scale rules, standard, half composite or full composite as well as off sets available.

Code: ENQUIRE

### DOUGLAS Protractor

Usefull plastic see though square protractor, available in 12.5cm or 30cm.

Circular protractors also available.

Code: DOUG125  
Code: DOUG250

## CORE TRAYS, RACKING

### Core Trays

Diamond core storage trays. Made of Zinc Alume steel these core trays have an interlocking design to ensure neat and safe stacks. Drainage holes liberate excess water or dirt and all trays have carry handles. "V" shaped, deep profile channels ensure core is held securely in place (regular profile channels also available for competent core). Core trays to suite BQ, NQ, HQ, PQ core, please contact us to confirm suitable tray for alternative diameter core. Available in 1m or 1.5m. The 1m options are available in pre-fab format for export, these save on transport and final assembly is effected on site. All trays are supplied with core tray labels.

Code: ENQUIRE

### Racking

Modular racking system for the safe, neat and economical storage of diamond core trays. Available in 1m or 1.5m options (custom options on request). Adjustable to ensure range of core tray heights are accomodated.

Code: ENQUIRE

***"Also Available Core Tray Labels & Core Blocks"***

## FIELD EQUIPMENT

### Haversack

Basic field haversack for samples or field gear.

Code: HAVSAC

### Acid Bottle Cover

Quality leather belt pouch for the acid bottle.

Code: ABCOVLTH

### Pen Mag

Pocket style pencil magnet with pivot for sensitive magnetism tests.

Code: PENMAG

### Scribe

Pen styled tungsten tipped scribe with a magnet.  
Tip is also reversible for replacement or simply for safe storage in your pocket!

Code: SCRIBE

### Streak Plate

Porcelain scratch plate 5cm x 5cm for mineral streak I.D.

Code: STREAKP

### Maglite Torch

We are distributors of the Maglite range of quality torches, spare parts also available.

Code: MAGCHARGE

### Microscope

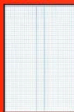

A range of quality microscopes are available for grain or hand specimen ID.  
Basic 20 x / 40x and zoom mag are the more popular units.  
Top and bottom lighting.

Code: ENQUIRE

## FIELD EQUIPMENT

Os240

Wet strength note book  
A5, field book cross section.

Code: OSB240

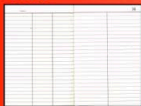

Os241

Wet strength note book, A5, level book.

Code: OS241

Os243

Wet strength note book, A5, field transit.

Code: OS243

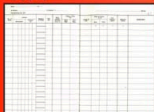

Os244

Wet strength note book, A5, field chain .

Code: Os244

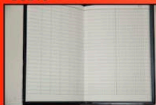

Os245

Wet strength note book, A5, field tach book.

Code: OS245

Os246

Wet strength note book, A5, field survey book.

Code:OSB246

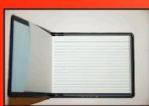

Os247

Wet strength note book, A5, field vent book.

CODE: OS247

Os247A

Wet strength note book, A6, field vent book.

Code: OS247A

## FIELD EQUIPMENT

Os248

Wet strength note book, A5, sectional graph book 10ths.

Code: OS248

Os248A

Wet strength note book, A5, special section graph book, metric.

Code: OS248A

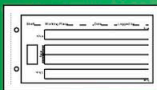

Os251

Wet strength note book, A5, underground transit field book.

Code: Os251

### Development Log Book

Developed for underground conditions, made of wet strength paper, double sided print for the recording of most information required in development ends A5. Perforated and punched.

Code: DEVLOGBK

### Lenses

We stock durable quality doublet hand lenses, ideal for field use. 10X x 16mm standard or a 10X x 16mm, 20X x 13mm combo lens are available.

Code: HL10 & HL10&20

### Vests

Sleeveless field vests, durable, khaki, useful pocket distribution.

Code: JACK

### Hammer Holster

Leather hammer holster ideal for Estwings.

Code: HAMMERHOL

### Climo

Plastic fold-out 1m climo rule, brass climo hinge and sturdy level bubble housing.

Code: CLINORU

### Belt

Quality leather belt, range of sizes available.

Code: BELT/LEA

## FIELD EQUIPMENT

### Multi Tool

Multi tools are available in a range of spec and brands. Please ask for more information.

Code: ENQUIRE

### Acid Bottle

Plastic acid bottle, removable tip for easy re-filling, 30ml.

Code: ADBOT

### Estwing Hammer, Leather

Estwing geological pick, leather handle, 22oz.

**Estwing**

Code: HAMLTHG

### Estwing Hammer, Vinyl

Estwing geological pick, vinyl handle, 22oz.

**Estwing**

Code: HAMVG22

### ESTWING Hammer Long Neck

Estwing geological pick, vinyl handle, 22oz, long neck.

**Estwing**

Code: HAMVGL

*“Also chisel head, 14oz, claw and other Estwing hammers.”*

### Book Pouch

Quality leather belt book pouch, ideal for note books, pens, etc.

Code: BKPCH

### UV Light3

This simple, portable battery powered UV lamp is ideal for field work to test fluorescence of minerals or scorpion awareness! Also more robust rechargeable units on request.

Code: UVLAMP

# SAFETY EQUIPMENT

## Ear Plugs

Disposable ear plugs.

Code: EARPLUG2

## Ear Bands

Ear plugs on head band.

Code: ENQUIRE

## Ear Muffs

Sturdy ear muffs ideal for more contant use (E.g. core splitters)

Code: EARMUFF

## Safety Pig Skin Glove

Quality pig skin gloves, still allow dexterity.

Code: GLOVEPS

## Safety Gloves

Basic safety gloves, rubberized or candy stripe.

Code: GLOVECS

## Safety Goggles

Enclosed safety goggles.

Code: GOGGLES

## Safety Specs

Safety spectacles, clear or tinted.

Code: SAFSPEC

## Gum Boots

Safety gum boots, with or without toe cap.

Code: ENQUIRE

## Hard Hats

Basic safety hard hat, peak or full miners brim, with or without lamp clip.

Code: ENQUIRE

*"Also other safety gear available, e.g. shoes, boots, buggy whips, cones, amber lights and signage"*

## ***SAFETY EQUIPMENT***

### ***Dust Mask***

Disposable dust mask.

Code: DUSTMASK

### ***Recovery Kit***

Vehicle recovery kits, standard kit offers range of standard equipment but custom kits can be assembled on request.

Code: RECOVERY

### ***First Aid Kit***

First aid kits for traveller, vehicle or office/camp.

Code: ENQUIRE

## ***SAMPLING EQUIPMENT***

### ***Grit Block***

Aluminium oxide grit block for dressing or sharpening diamond saw blades, extends life and maintains productivity while cutting.

Code: GRITBLOCK

### ***Goldpan***

Mild steel gold pan, 17", based on the original Klondyke design.

Code: GOLDPAN

### ***Geochem box***

Geochemical sample storage/transport boxes, to suite range of geochem envelope sizes.

Code: ENQUIRE

### ***Geochem envelopes***

A range of kraft geochem envelopes with wire ties. Available in regular two dimensional of gussetted three dimensional sizes, in boxes of 500. See page 19 for table of sizes.

Code: ENQUIRE

# SAMPLING EQUIPMENT

## Dip meter

Water depth monitor, available in range of brands, round or flat cable and a range of depths.

Code: ENQUIRE

## Auto saw

Fully automatic core saw. Highly productive and offering the highest levels of operator safety this machine is the bench mark for large sampling programs. Manufactured in Africa by Almonte, for Africa. Parts, service, repairs and training available locally.

Code: CORSPLAUTO

## Junior saw

Junior core saw. Highly productive and offering the highest levels of operator safety this machine still requires the operator to cut the core BUT still ensures hands are well away from cutting area. Manufactured in Africa by Almonte, for Africa. Parts, service, repairs and training available locally.

Code: CORSPLJUN

## Mobile Saw

Portable entry level core splitter, single phase, 220V, core trolley runs on sliders and core is held in core guide so safety is taken into account.

Code: ENQUIRE

## Core Grinder

Designed to grind a fillet off the side of a length of core, this machine is safe, fast and efficient. Also the powder sample can be used to send directly to a lab. Saves time, leaves core mostly intact, saves on sample prep costs, saves on transport of sample to lab.

Code: ENQUIRE

## Diamond Saw Blades

A range of diamond saw blades are available for all rock types and to fit all core splitting machines. Some have been tweaked for optimum performance in certain rock types, ask us for details.

Code: ENQUIRE

# SAMPLING EQUIPMENT

## Channel Bin

Galvanized channel sample bin, with handle, ideal for catching chips from trenching or channel sampling. Also available sampling chisel.

Code: CHANNELPAN

## Rifflers

Sample riffler or splitter. 50/50 with 3 capture bins, 1" (25mm) or 1/2" (12.5mm), powder coated steel. System nestles for ease of transport.

Code: RIF15/RIF25

## Density Scale

Table top density device. Comprises 3kg electronic scale, bottom hook, reservoir and scale platform. Based on weight wet/weight dry principle.

Code: DENSITYSC

## Scales Electric

Flat bed, table top electronic scales in a range of capacities and accuracies. Please enquire.

Code: ENQUIRE

## Scales Hanging

Hanging field scales for sample weighing, range of capacities. Small or large dial. Please enquire.

Code: ENQUIRE

## Mineral Trays

Plastic mineral or chip trays. Available in 20 or 10 compartment units. The 10 compartment units can be joined together if required. Sturdy hinges and clips, UV stabilized clear plastic.

Code: CHIPTRAY10

# SAMPLING EQUIPMENT

## Augers

Locally manufactured bucket augers, soil/clayey soil and clay styles available along with extensions and "T" handle.

Code: ENQUIRE

## Motor auger

Hand held motorized auger, petrol drive, range of flighted auger sections and extension bars as required.

Code: ENQUIRE

## Flexi Stack

Plastic re-usable sieve system. Lid, receiver and two clip together rings, 200mm diameter. Mesh sold separately.

Code: FLEXI

## Cut Off Machine

Petrol cutter, ideal for field channel or outcrop sampling, with water attachment and tank.

Code: CUTTER PETROL

## Pneumatic Cutters

Locally manufactured cutters, ideal for underground, pneumatic drives, single or double blade.

Code: CUTTERS/DOUBLECUTTERS/NGLE

## Dry Pan1

Galv or stainless sample drying pans available, various or custom sizes.

Code: ENQUIRE

## Plastic Bags

A range of plastic sample bags are available, all are clear, virgin plastic and contain UV stabilizers to ensure they last in the elements. Table with overview, see page 19. Custom bags on request.

Also available calico bags, 23 x 38 or custom sizes on request and Poly woven bags. Plastic tubing and plastic vials in a range of sizes and also a range of zipper seal bags.

Code: ENQUIRE

## Cable Ties

Plastic cable ties, ideal for closing sample bags, available in 10, 15 or 20cm lengths, per bundle of 100. Also wire twist ties and twister tool, heavy duty stapler and staples.

Code: ENQUIRE

## ***SURVEY***

### ***Measure Wheel***

Rotosure measuring wheel. Basic or upgraded models available.

Code: ROTOSD

### ***Abney***

Abney level for determination of angles or elevations.

Code: ABNEY

### ***Dumpy Level***

Various dumpy levels available as well as tripods, staves and range rods.

Code: DUMPY

### ***Total Station***

Various total stations and theodolites available.

Code: ENQUIRE

### ***Flags***

One metre or half metre steel spring wire with PVC flags in range of colours, per bundle of 100

Code: ENQUIRE

### ***Pin Tags***

Half metre steel spring wire with plastic tag in range of colours, bundles of 100

Code: ENQUIRE

## ***REPAIRS***

***Repairs, service and calibration of survey equipment and compasses undertaken.***

## ***SURVEY***

### ***Barrier Tape***

Barrier/demarcation tape, red on white.  
Also yellow on black on request.500m x 75mm.

Code: BARTAP

### ***Steel tape***

Steel measuring tapes, 3m and 5m locking and 30m,  
50m and 100m on frame.

Code: ENQUIRE

### ***Fibre tape***

Fibre measuring tapes, 30m, 50m and 100m on frame.

Code: ENQUIRE

### ***Flagging tape***

Plastic or biodegradable flagging tape in a range of colours.  
Standard 50m x 25mm rolls however custom rolls on request.

Code: ENQUIRE

### ***Optical Square***

Optical square for quick offsets, ideal for rudimentary grids or  
sampling programs.

Code: OPTSQ

## ***REFERENCE***

### ***Drillers Handbook***

Diamond Drillers reference book.

Code: DDRILHAND

### ***Ref Cards***

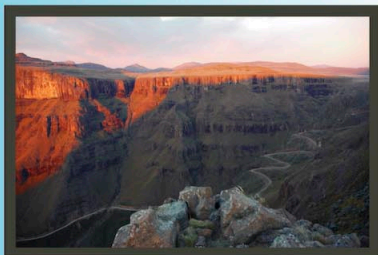

Handy pocket size reference cards, riveted in corner and printed on durable card.  
Range of geological and drilling reference information.

Code: REFCARD

# Sieve Table

| Frame Diameter                               | 75 & 100mm | 200mm   | 300mm             | 450mm             |
|--|------------|---------|-------------------|-------------------|
|  | S/Steel    | S/Steel | Mild Steel Plated | Mild Steel Plated |
| <b>Aperture ( Wire Mesh Surface)</b>         |            | S/Steel | S/Steel           | S/Steel           |
| 20 Micron                                    |            |         |                   |                   |
| 25 Micron (not to SABS spec)                 |            |         |                   |                   |
| 32 Micron                                    |            |         |                   |                   |
| 38 Micron                                    |            |         |                   |                   |
| 45 Micron                                    |            |         |                   |                   |
| 53 Micron                                    |            |         |                   |                   |
| 63, 75, 80 Micron                            |            |         |                   |                   |
| 1.25mm                                       |            |         |                   |                   |
| 90, 106, 125, 150, 180, 212,                 |            |         |                   |                   |
